# NUVOLA scheda tecnica

**Struttura:** in legno di multistrato, con molleggio incrociato a cinghie elastiche con diversa componente di caucciù.

**Seduta:** imbottita a strati di poliuretano espanso a 3 densità, l'ultima di queste è in memory super soffice. Rivestimento con fodera a doppia bombatura in fiocco termolegante, testato secondo Oeko-Tex Standard 100 di forte spessore.

**Schienale:** in poliuretano espanso di memory super soffice con inserto portante in ferro verniciato e accoppiato con un pannello di legno. Nella misura di schienale 200 e 160 è possibile piegare lo schienale fino a fargli raggiungere i 90°.

La parte inferiore viene ulteriormente rivestita da un rivestimento antiscivolo per poter meglio adattarsi a tutte le superfici.

**Rivestimento:** in tessuto completamente sfoderabile e in pelle naturale non sfoderabile. Cuscino Schienale sfoderabile in entrambe le versioni.

**Piede:** non a vista in ABS antiscivolo. Le composizioni angolari si ottengono accostando tra di loro i vari elementi ruotati di 180°.

**Structure:** in plywood, with cross suspension elastic straps with different component of rubber.

**Seat:** padded with layers of 3-density polyurethane foam, the last of these is in super soft memory. Coating with double bulging covering in heat-resistant flake, tested according to Oeko-Tex Standard 100 of high thickness.

**Back:** in super soft memory polyurethane foam with painted iron bearing insert and coupled with a wooden panel. In the backrest size 200 and 160, it is possible to bend the backrest until it reaches 90°.

The lower part is further coated with a non-slip coating to better adapt to all surfaces.

**Upholstery:** in completely removable fabric and natural leather. Back cushion removable in both versions.

**Foot:** not visible in non-slip ABS. The angular compositions are obtained by juxtaposing the various elements rotated by 180°.
