SLIDE scheda tecnica

Struttura: in legno e derivati, con molleggio incrociato a cinghie elastiche con diversa componente di caucciù. Imbottitura in poliuretano espanso a quote differenziate e rivestimento in vellutino bianco.

Cuscino seduta: estraibile in poliuretano espanso con bombatura a quote differenziate e memory ad alta portanza. Rivestito con fibra in fiocco termolegante, testato secondo Oeko-Tex Standard 100.

Cuscino schienale: in poliuretano espanso con bombatura a quote differenziate e memory ad alta portanza. Rivestito con fibra in fiocco termolegante, testato secondo Oeko-Tex Standard 100 di forte spessore. Movimento poggiatesta con cricchetto in acciaio dotato di 6 diverse inclinazioni.

Rivestimento: in tessuto completamente sfoderabile o in pelle naturale non sfoderabile. Cuscino schienale sfoderabile in entrambe le versioni.

Piede: non a vista in ABS antiscivolo e rotelle monodirezionali per elementi dotati di movimento.

Structure: in wood and derivatives, with cross suspension with elastic belts with different component of rubber. Padding in polyurethane foam with different dimensions and white velvet coating.

Seat cushion: removable in expanded polyurethane with differentiated elevation and high-lift memory. Coated with heat-resistant staple fibre, tested according to Oeko-Tex Standard 100.

Back cushion: in expanded polyurethane with differentiated curvature and high-lift memory. Coated with heat-resistant staple fibre, tested according to Oeko-Tex Standard 100 of strong thickness. Movement headrest with ratchet steel equipped with 6 different inclinations.

Cover: in completely removable fabric or natural leather. Back cushion removable in both versions.

Foot: non-visible in anti-slip ABS and monodirectional castors for elements with movement.
